Re: Atom Local League Reorganization

This letter is to inform all parents of the recent team changes. After several complaints over the last few weeks, CWMHA executive including Risk Management investigated some concerns regarding inequity within the local league Atom division. Early on in this process there were opportunities for the League Convenor to create parity within this division but appropriate changes were not made. After much discussion, meetings, and observing team games, the CWMHA felt it was necessary to step in and resolve the problem. The executive voted to dissolve Team 25, and distribute the players out to the remaining, six Atom division teams. This was an earnest attempt to remediate the problem and bring back parity and fair play to our local league Atom program. CWMHA stands by its commitment of providing a fun, fair, and safe learning environment for all players.

This was not an easy decision, but it was made in the best interests of all the minor hockey players in this age division. Please support the players as they make the transition to their new teams.

Sincerely,
CWMHA Executive
